Hello!

It's lovely to "meet" you! Thank you for your consideration and the opportunity to apply for the Producer position for Product Graphics Marcom Design Team.

I'm a motivated, naturally curious designer who is passionate about creating and strategizing amazing products as I have done for the past 16 years, and as I currently do at bobi Los Angeles. At bobi, I facilitate and manage each season for the bobiBLACK label from ideation thru production (and even thru to launch of DTC sales). I have a willingness to learn, learn quickly, and am very flexible in a fast-paced, evolving environments.

I have extensive knowledge and experience using Adobe Creative Suite. I've become multifaceted through my experience working at small companies where I've worn many hats, and additionally, many that I've never worn before. I believe that through subjective lines of work like design that I have developed an exceptional ability to give/receive feedback, constructive criticism, collaborate in a team environment, and work through ambiguity well.

I believe my experience, enthusiasm, and positive mentality towards design and execution makes me a great candidate as a creative thinker, with a problem-solving approach.

Thank you for your time and consideration. I look forward to hearing from you!

Best,

Emily J. Preble
